SOYBEAN INSPECTIONS DROP SHARPLY IN MAY

Inspected receipts of soybeans dropped sharply in May to a total of 2,132 cars compared with 4,501 cars in April, and 5,953 cars in May 1945, according to inspectors' reports to the Grain Branch of the Production and Marketing Administration. The average for the month of May for the crop years 1940-44 was 3,532 cars. Inspected receipts for October-May this season were 78,434 cars compared with 74,541 cars for the same period last season.

The quality of soybeans inspected in May continued good, 93 percent grading No. 2 or better compared with 95 percent in April.

May inspections included the equivalent of 16 cars inspected as cargo lots and truck receipts equivalent to about 21 cars.

Soybeans: Inspected receipts, May 1946, in carlots 1/.
